Midwives

The community midwife is provided by the Royal Wolverhampton Hospital. Patients can self-refer to their services.

Health Visitors

The Health Visitors are based at the Dove Centre Pendeford, they can be contacted on 01902 444927

Violence and Abuse - Zero Tolerance

Violent, aggressive, or abusive behaviour towards staff or property will not be tolerated. Patients displaying such behaviour will be removed from the practice list, and a written notice will be sent to the patient and CCG.

We expect all patients, relatives, and friends to behave reasonably and treat our staff with respect and courtesy.

Booking an appointment with a Doctor, ANP or Practice Nurse

We offer same-day appointments. Please call the surgery during office hours to request one. For non-urgent conditions, the usual waiting time is two working days, which may be longer if you prefer a specific GP. You can also book up to two weeks in advance for your convenience. Half of our appointment slots are available for pre-booking, while the other half are for same-day bookings.

Urgent cases, especially for children and the elderly, will be seen on the same day.

When booking, please provide as much information as possible to help us arrange any necessary tests, procedures, or paperwork. This will save time during your consultation and reduce wait times for others.

Appointments can also be made online through 'Emis Access.' Ask for details on how to register.

A standard GP appointment lasts 10 minutes. If you have multiple concerns or need more time, please request a double appointment. Children under 16 should be accompanied by a responsible adult, and a chaperone is available upon request.

If you arrive late, we will try to accommodate you, but you may need to wait until the end of the surgery. Please notify us if you need to cancel your appointment.

Telephone Consultations

You can arrange to speak to the GP on duty by booking a telephone consultation.

Home visits

A request for a home visit should only be made if the patient is too ill to attend the surgery, please request this between 9.00-10.00 am. The Doctor will visit after midday. A clinician may telephone you to discuss your request to ensure that we prioritise the most urgent.

Access for disabled patients

The entrance to Ashfield Surgery is made via a ramp and the entrance is level at Pendeford surgery.

Patients who use a wheelchair can be seen at either surgery, but Pendeford is more 'wheelchair friendly'.

Patients' Rights and Responsibilities

You have a right to:

- Be treated with respect and courtesy
- Receive clear understandable information about your care and treatment
- You have a right to refuse treatment

We expect reasonable behaviour from patients, relatives and friends; we expect to be treated with respect and courtesy

Data Protection and Confidentiality

Your medical records are confidential.

All members of staff within the practice have access to medical records.

We may have to share information with medical bodies, e.g. Social Services, Registrations, and Births, Deaths or other health professionals as well as other services only with written permission of the patient.

Please notify the practice of changes of address or telephone number.

Patient Participation Group

The practice has a patient participation group who meet quarterly. We are constantly looking for new members to be involved in making improvements for the practice. If you feel you would like to be involved in this – please contact Sharon Harris or Sandra Hawkes.

New Patient Registration

The practice is happy to accept new patients, those who are living within the practice area, including households.

As a single-handed, teaching practice, Dr. Nandanavanam is the 'named' accountable GP for all patients, including those over 75. You may also see a trainee doctor under Dr. Nandanavanam's supervision.

New patients are required to see the Practice Nurse for a check-up and to get familiar with the practice setup.

We are also 'veteran' friendly, offering support to ex-service men, women, and their families, ensuring they receive dedicated care when needed.

Application forms can be completed online through the surgery website or by collecting a paper copy from either of the sites. If you have any questions about registration, please speak to a staff member who will be happy to assist.

Out of Hours Service

When the surgery is closed at night, Weekends or public holidays, if you think you need a doctor, and it is too serious to wait for the next surgery please telephone:

1-1-1

Walk In Clinic (Local) is Urgent Care Centre at New Cross Hospital

In a genuine emergency you should call 999. Chest pains and / or shortness of breath constitute an emergency. The Accident and Emergency Department is at New Cross Hospital, Wolverhampton.

Telephone 307 999

Our practice, in collaboration with six others, offers access to appointments from 6:30 PM to 8:00 PM on weekdays and during daytime hours on weekends. These same-day appointments can be booked by contacting the surgery to arrange them. Coverage is provided by each surgery on designated days—please visit our website for more details.

Repeat prescription

Repeat prescriptions will take 48 working hours before it is ready for collection.

It is advised to order your repeat medication using the patient access app or by using the following email address:

bcicb.ashfieldrdscripts@nhs.net

Alternatively, if you do not use online applications, you could still come in person, or get a family member, to make your request at the surgery by filling a repeat medication slip and putting it through the prescription request box. To avoid confusion, it is best to bring a copy of the repeat medication required.

Patients are requested to nominate a pharmacy of their choice for electronic transfer of prescriptions. It is the responsibility of the patient to arrange collection and delivery of the prescription.

Complaints

In this practice we operate a practice complaint procedure as part of the NHS system. Our aim is to provide you with a high standard of care, and we will try to deal swiftly with any problem that may occur. If there is a problem, please contact the Practice Managers:

Mrs S Harris

Services Provided

Health Promotion and Disease Management

Our Practice carries out Asthma, COPD, Diabetes, CHD & stroke reviews on an annual basis. We also carry out NHS Lifestyle checks to prevent coronary heart disease or strokes. If you are aged between 40-74, please ask for details.

Chronic Disease Management

Patients with heart disease, diabetes, stroke/TIA, hypertension, asthma, COPD, hyperthyroidism, epilepsy, cancer, or mental health conditions should have annual reviews to monitor their health.

Child Health and Immunisation

The Practice Nurse administers child immunisations according to the national immunisation programme. All immunisations are recorded in the patient's medical records and logged in the child's 'red book.' To ensure your child's health, please ensure immunisations are completed on time. Child Health surveillance clinics are held every Wednesday morning at Ashfield Road Surgery.

Ante Natal and Post Natal Check

Antenatal clinics are held on Wednesday mornings at Pendeford Health Centre. Deliveries are booked at New Cross Hospital. Post Natal examinations are carried out eight weeks after delivery together with the baby health check and baby immunisations at Ashfield Road Surgery. It is very important not to miss this appointment as contraception, physical and mental wellbeing is reviewed during this appointment.

Contraception and Family Planning

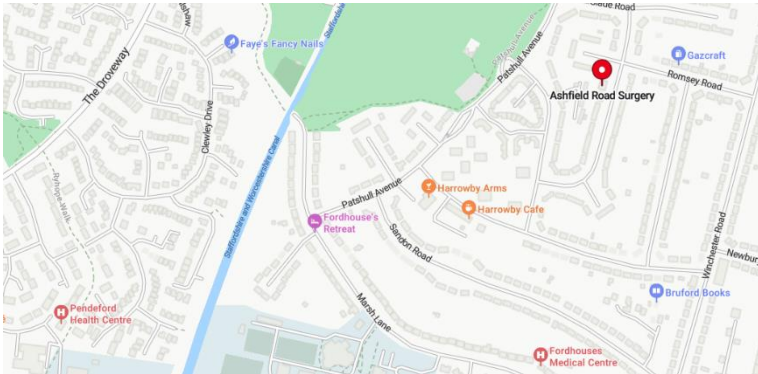

The contraceptive pill, Implant injection, Depot injection, and Emergency contraception (morning after pill) are provided by the Doctor and Nurse. Consultations can be made to discuss the best suited contraception for the individual.

Cervical smears are carried out by the Practice Nurse.

Adult Vaccinations

We administer booster vaccinations when required and travel vaccinations.
